

# Cornerstone

SHOP & GALLERY • *A Store For All Seasons*

The Cornerstone Shop & Gallery is proud to offer the custom framing and woodworking of local artisan Matt Schulz, whose work reflects the progression of his lineage. His grandfather is a master carpenter and his father an artist. The clean lines and natural themes of Frank Lloyd Wright influence and inspire Matt's work. Using woods with different color, texture and grain properties, Matt combines the solid craftsmanship of classic furniture building with an eye for the natural esthetics of exotic woods.

Made of exotic and domestic hardwoods, these beautiful chairs feature the solid craftsmanship of local woodworker Matt Schulz. Available in several styles, including tables and foot stools, these pieces can be used indoors or out and fold for easy storage. Ask us about custom orders.

Folding tables also available.

## Cornerstone Shop & Gallery
